### **DETAILED ACTION**

Applicants' arguments, filed 9/17/2009, have been fully considered. Rejections and/or objections not reiterated from previous office actions are hereby withdrawn. The following rejections and/or objections are either reiterated or newly applied. They constitute the complete set presently being applied to the instant application.

#### ***Terminal Disclaimer***

The terminal disclaimer filed on 9/17/2009 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 6,773,724 has been reviewed and is accepted. The terminal disclaimer has been recorded.

The terminal disclaimer filed on 9/17/2009 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 7,449,198 has been reviewed but has **not** been approved due to different assignee of record. Accordingly, the ODP rejection over 7,449,198 - patent for Application Number 10/915,652 - is maintained below.

#### ***Double Patenting***

Claims 1-11 and 15-19 are rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-11 of U.S. Patent No. 7,449,198 in view of WO 1999/008659.

The reasoning for this rejection remains supported by the obviousness rejection made in the nonfinal office action on 8/19/2008 over application number 10/915,652 in view of WO 1999/008659.

The terminal disclaimer submitted to obviate this rejection was not approved due to different assignee of record.

No claims are allowable at this time.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
